

## **EROL V4 / V5 Upgrade Service**

With the release of EROL V5 your EROL online store can include more features and functionality plus offer better SEO results - straight from the box!

Upgrading your store to EROL V5 will require some changes to the sites frameset (as V5 no longer uses one) and other SEO tweaks can be made during the upgrade.

### **Our EROL Upgrade service could include:**

- Upgrading your store software from EROL V4 to EROL V5.
- Upgrading your frameset for css / div based or table based layout.
- (Re-) Implementation of Google Analytics Tracking code .
- Upgrading your Payment Gateway.
- Adding new EROL V5 Features.
- Testing and reporting on the upgrade.

### **You can benefit from:**

- A fast and efficient service
- Our years of EROL experience
- Getting the most from your EROL V5 Upgrade
