

EROL SEO 1 to 1 Training

Want to know how to make your site stand out amongst your competitors in the search engine results pages? Want to get more pages better ranked? Want to do it yourself?

Our 1 to 1 EROL SEO training is just that - you and one of our EROL SEO experts will guide you through the fundamentals of how to make your site easier for the search engines to find, index and rank for your chosen keywords.

EROL SEO 1 to 1 training can either take place "on-site" at your location or online using secure remote access software.

Our 1 to 1 EROL SEO training could include:

- FREE initial appraisal
- Opening keyword phrase report showing your sites position in the main search engines
- Summary of the key areas that need to be optimised
- Hands on implementation of these optimisation techniques
- Google / MSN / Yahoo / DMOZ Search Engines and Directory submission as required
- Available either "onsite" at your location or remotely online
- Adding Google Analytics and Tracking code if required
- 3 Follow up Monthly Keyword Reports

You can benefit from:

A better understanding of how the search engines view your site
The skills to maintain your sites SEO as you add new products and pages
Better Ranking for relevant Keywords in the Search Engine Results Pages (SERP's).
Follow up Monthly Reporting and Monitoring
