

Magento Ecommerce

Magento is a feature-rich, professional open-source eCommerce solution that offers merchants complete flexibility and control over the look, content, and functionality of their online store. Magento's intuitive administration interface contains powerful marketing, search engine optimization and catalog-management tools to give merchants the power to create sites that are tailored to their unique business needs. Designed to be completely scalable and backed by an extensive support network, Magento offers companies the ultimate eCommerce solution.

Your Magento Ecommerce Store could include::

- Web based administration allowing for collaborative working
- Open source code allowing for rapid integration and development
- Powerful features including Wish lists, Compare List, Up sells, Zoom-able product images
- Order acknowledgement emails, shipping confirmation emails and more
- Secure ordering 24 hours a day 7 days a week via a range of payment gateway options.

Magento Ecommerce design / development service is quoted for on application
